

LexPostBacc[®]

by AccessLex

WHAT IS LEXPOSTBACC?

A program within the LexScholars by AccessLex[®] pathway initiative, LexPostBacc provides **aspiring law students with exposure to foundational law school subjects via a 10-month law school prep curriculum.**

HOW DOES LEXPOSTBACC WORK?

LexPostBacc Scholars are **referred to the program by participating law schools.** They then **receive an admission offer and a scholarship from their referring law school,** conditioned on successful completion of the LexPostBacc curriculum.

LEXPOSTBACC SUCCESS

Since its inception in

2022

more than 100 LexPostBacc Scholars have successfully completed the curriculum and are pursuing their law degrees at schools nationwide.

76%

of 2022-23 Scholars (35/46) completed their first year in good academic standing.

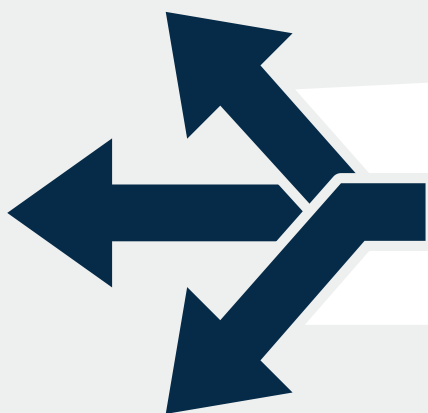

83%

of 2023-24 Scholars who shared their grades (43/52) were in good standing at the end of their first semester.

These results suggest that the LexPostBacc curriculum is preparing Scholars for the academic rigors of law school.

The early outcomes for LexPostBacc reflect the power of opportunity. Scholars are given the opportunity to **demonstrate law school readiness** in the context of the opportunity to gain foundational knowledge and skills.
