

2021 Bar Success Research Grant Program

AccessLex Grants

Thank you for your interest in AccessLex Institute grant programs. You are beginning an application for the Bar Success Research Grant Program. Before submitting an application for consideration, please read carefully the grant program's frequently asked questions (FAQs) by clicking [here](#).

Scope of Grant Program

The Bar Success Research Grant Program funds well-designed studies of the bar examination. Examples of focus include predictors of bar exam performance; bar exam test design and/or efficacy; and successful study or preparation methodologies. Proposals focusing on other relevant aspects of the bar exam are welcomed. Proposals seeking funding for specific interventions aimed at increasing bar exam passage rates should be submitted through the Bar Success Intervention Grant Program.

To be fundable, projects must:

- Have a duration of 12-24 months and seek funding in the amount of \$150,000-\$300,000
- Have a clear research design, using appropriate methodologies

Scope of Grant Application Form

The grant application form is designed to elicit detailed information about your project and your proposal. The information should build and expand on the entries placed on the letter of inquiry (LOI) form. Character limits have been increased to allow for such expansion. Responses, however, should be only as long as necessary. Do not feel compelled to exhaust the character limits.

The information provided should focus on elements of the project for which grant funds are being sought, though contextual information should be provided to the extent necessary and possible.

All fields on this form require a response. If a prompt is not applicable to your project, mark "N/A". Given the competitive nature of the process, not every grant applicant will be awarded funding. Proposals featuring all the required elements above and at least some of the optional elements are most likely to be awarded funding.

To view and print the full list of questions in the Full Proposal application, click the "Question List" button above. If you have questions about this grant application process, please direct them to grants@accesslex.org with the phrase, "Question – Full Proposal," in the subject line.

To ensure that you receive emails sent from Foundant, our grant interface program, please add administrator@grantinterface.com to your email safe senders list, address book or contacts. Please note, all questions should be directed to grants@accesslex.org.

Grant Number

Assign the proposal number using the following format: Grant program's initials; calendar year during which the application was received; "APP;" and number by order in which the application was marked complete.

Character Limit: 20

Project Information

Project Title

Please enter the name of the project for which you are seeking funding.

Character Limit: 100

Project Summary

Please enter a brief statement of the project purpose.

Character Limit: 500

Project Funding

Please enter the amount being sought:

Please enter the **total cost** of the project during grant timeframe:

Character Limit: 10

Proposed Funding Duration

Number of months:

Character Limit: 2

Proposed Funding Start Date

Character Limit: 10

Proposed Funding End Date

Character Limit: 10

Project Overview

Problem/Issue Statement

Describe the problem or issue that the project seeks to investigate. Be sure to discuss the potential implications of the research and why it is important to conduct. If this is a problem or issue of heightened relevance or importance, please explain why. Please include relevant data. You may be seeking to address more than one problem or issue.

Character Limit: 3000

Research Questions

List the research questions that the project will seek to answer.

Character Limit: 2000

Theoretical or Conceptual Framework

Describe the theory or concept that underlies the project.

Character Limit: 2000

Research Design

Data Collection

Describe with specificity the data collection plans. At minimum, you should provide the following information:

- List of the data (quantitative and other types) that will be used to conduct the research
- Description of each dataset and its relevance to the research project
- Identification of the sources of each dataset and whether the data has already been acquired, collected, or is currently unavailable
- Descriptions of acquisition and collection methods for any outstanding data and any potential limitations or difficulties associated with obtaining the data

Character Limit: 3000

Data Analysis

Describe with specificity the data analysis methods and plans. At minimum, you should provide the following information:

- Explanations of the methods used to analyze each dataset
- Assessments of the strengths and shortcomings of each dataset in helping to answer the research questions

Character Limit: 3000

Project Timeline

Complete and upload the Bar Success Research Grant Program Project Timeline template. Click [here](#) to access the template.

File Size Limit: 4 MB

Budget

Project Budget

Please upload a clear and detailed budget for the proposed project using the AccessLex Center for Legal Education Excellence® budget template. Click [here](#) to access the budget template.

File Size Limit: 2 MB

Budget Narrative

In addition to the completed budget template, please provide a budget justification/narrative to support your application.

Character Limit: 3000

Project Management

Organization and Qualifications of Key Staff

Please describe the primary organization(s) in which the research activities will take place. Please also list key staff and describe their roles and qualifications for this project. Attach all key staff resumes and/or curricula vitae. **Please limit each resume/CV to a two-page maximum focusing only on information that is relevant to qualifications for this project.**

Character Limit: 3000 | File Size Limit: 2 MB

Collaborations and Partnerships

Describe any formal collaborations or partnerships with other organizations. Describe how these collaborations or partnerships will contribute to the quality of the proposed project. Please include only collaborations and partnerships for which formal commitments have already been secured. If no formal collaborations or partnerships, mark “N/A”.

Character Limit: 2000

Dissemination Plan

Describe any plans to announce receipt of the grant and/or any plans to disseminate information about research activities and findings experienced during the period of grant funding and thereafter. If no such plans, mark “N/A”.

Please note that any grant publicity is subject to Section 6 of the standard grant agreement.

Character Limit: 2000

Supplemental Information

Please provide any other relevant information not addressed by the previous questions that may help the AccessLex Center for Legal Education Excellence® evaluate your application. You may also upload items that are directly related to your project, such as letter(s) of support and collaboration, and publication(s). If no such information will be added, mark “N/A”.

Character Limit: 2000 | File Size Limit: 2 MB

Award Conditions and Information for AccessLex Grants

Award Conditions

Successful execution of the grant agreement is required before the decision to award a grant is considered final. Please review the [standard grant agreement](#) and share with your legal team to confirm that your organization does not foresee any issues with this standard agreement.
